Collection Description

Title: Congregational Records, New York

ID: MLTS.US.3014.32

Creator(s): Unitarian Universalist Association; New York congregations

Date Range: 1826-2008

Extent: 13 linear feet; 13 full boxes

Language(s): Materials entirely in English.

Scope and Content: This collection contains the records of all Unitarian Universalist congregations in New York as maintained by the UUA. The UUA Congregational Records contain a file on every single congregation within the UUA that existed during the 20th century. Most files contain dozens of pages, with some larger congregational files numbering hundreds of pages. Documents within these files include field reports from regions, districts, and the UUA; congregational histories; photographs; correspondence between congregation and the UUA; paperwork filed to the UUA; sermons and orders of service; and other printed ephemera.

Arrangement: Folder level arrangement is alphabetical by location and congregation name thereunder.

Historical Note: The Congregational Records of New York are part of the larger UUA Congregational Records. In 2014, the Unitarian Universalist Association entrusted Meadville Lombard with 450 linear feet of archival material documenting the history of 20th century UU congregations. Stretching from the 1800s to the 2000s, these materials provide both a glimpse in the lived Unitarian Universalism of congregations across the United States and insight into the ways the AUA, UCA, and UUA supported these congregations.

Subjects and Index Terms: Unitarian Universalist churches -- New York

Restrictions: This collection is open for research use.
